BUSINESS SPECIALS.
Offer this head business notices inserted for ten cents per line. Seven words to the line.
Men's and boys' underwear, the kinds you will like, and the prices are right, at E. H. Noyes' Blue Store.
Miss Libby will make large photos at ticket rates. If you want one come as soon as possible as they are not made here.

For sale a second-hand, two-seated sleigh newly painted. Will be sold at a bargain. Call on C. N. Tubbs & Co., Norway, Me.
What about having Swan make you some fine Christmas photographs?
Thomas Stanley has a few of the patchwork bundles from the wrapper factory, 35 cents.

Suits any kind you may want, men's, youths' and boys', at F. H. Noyes' Blue Store. It will pay you to buy them.
Finest sage and purest spices at Stone's drug store.
James O. Crocker is still prepared to do all kinds of stove, range and furnace work and plumbing, having made arrangements with parties in the city to furnish a man when there is plumbing to do. All work will be promptly attended to.
Special sale of heavy towels at Thomas Stanley's.
Best sage and spices in town at Stone's drug store.
Lost, overcoat between Norway Lake and the depot, Nov. 9. Finder will be rewarded by leaving the same at ADVERTISER'S office.
Christmas candy for 7c. per pound at E. F. Bicknell's.
Dr. Annette Seonett, Horne block, has a nice coal heater for sale, equal to most, 35 cigars, so says E. F. Bicknell.
H. E. Wilson, North Western Avenue, South Paris, Me., will have for Thanksgiving trade a nice line of native turkeys and chickens. All who wish to get one should leave their orders early to make sure of securing one. Store will be open, Wednesday evening, Nov. 29, until 11 p. m. Every one should call then if not before.
Bring your pictures to be framed. Swan is ready with 3000 ft. of moulding and nearly 100 styles.
L. B. Andrews, South Paris, has a special low-price sale of men's and boys' clothing, overcoats, etc., Wednesday, Thursday, Friday and Saturday of this week. Also a 10 per cent. cut on ladies', misses' and children's jackets and capes.
Good dry hard wood fitted for the stove and delivered for \$1.50 per cord. See ad. and call on Geo. A. Cole.
Miss Libby's Christmas announcement is not quite ready.
Overcoats, refusers, ulsters, fur coats. Without a doubt F. H. Noyes at the Blue Store is selling the best bargains in these goods ever offered in Norway. Call to see them.
Don't forget that Swan prefers cloudy weather for adults, are you coming?
One hundred nickel alarm clocks at Horne Cole's, the jeweler's, Norway.
You want the best sage and spices for Thanksgiving. Get them at Stone's drug store.
16 steel cabinets for \$1.25 at Chase's. See adv.

We desire to increase our list of readers and will make a special offer for that purpose.
We will send you the ADVERTISER from now until Jan. 21, 1899, for 20 cents.
The cash or 1 or 2 cent postage stamps taken. No name put on the list unless accompanied with the cash.
Subscribers on this special list will be stopped Jan. 21, 1899, unless we receive express orders to the contrary.
Send direct to this office or subscribe with our local agent at your place.
Subscribe at once.

NORWAY AND VICINITY.
Frank Kimball went to Portland, Tuesday, O. H. Kneeland of Harrison was in town, Tuesday, on business.
Mrs. James H. Porter will visit her home in Norway, Thanksgiving week.
Mrs. Will Maxton, who was so severely burned some months ago, is gaining slowly.
Hosea Huntress and wife are going to Lewiston to spend the winter with their daughter, Mrs. Pollister.
Mrs. J. F. Horne of Auburn has been visiting, this week, her sister, Etta Noyes, who is very sick.
Charles Pulsifer has moved his family into Mrs. Helen E. Porter's at the corner of Fair and Winter street.
Stephen W. Carr of Bowdoinham, Maine, Insurance Commissioner, was in town on official business, last week.
Mrs. Almira Bicknell is caring for Mrs. Nancy Marshall. Mrs. Marshall has been sick for some time and still remains very low.
Advertisers and correspondents are requested to send in their copy one day earlier next week on account of Thanksgiving.

Mrs. W. F. Jones taught Hugh Pendexter's classes in the High school, while Mr. Pendexter and bride were absent on their wedding trip.
Light Company Steam Plant.
Charles H. Adams has the contract to erect a building for an auxiliary steam plant for the Oxford Light Co. and ground was broken, Monday. It will be 40x20 feet, one story, and be under the brow of the hill, joining the upper side of the present light station.
William H. and George H. Dunn have bought the Pottle farm on Pike's Hill and will go into the creamery business. They have sold their real estate to J. A. Bolster.
Thanksgiving ball at Norway Opera House, Thursday evening, under the auspices of the members of Pennessawasse Lodge, K. of P. This is a guarantee for a good time.
Horse Pike, this week, is ripping out and remodeling the interior of the Main street furniture store of C. B. Cummings & Sons. A big improvement will be a line of large windows next to the ceiling.
A. S. Crockett has returned to town after a year's absence in Massachusetts. He came from Boston to Biddeford on one day on his bicycle, and the next day wheeled to Mechanic Falls where he stopped off.

Subscription Rates.
2 months, 25 cents.
3 months, 35 cents.
6 months, 50 cents.
12 months, 75 cents.

NUMBER 46.
NOVEMBER 18, 1898, NORWAY AND SOUTH PARIS, MAINE.
VOLUME XXIX.

William E. Austin.
William E., son of George and Charlotte (Everett) Austin, was born in Norway, Aug. 31, 1870. As a boy he attended the village schools, but left them early and began work as a machinist. He always hankered after such work and in his leisure moments labored over mechanical contrivances. He worked in machine shops at Newmarket, N. H., and Mechanic Falls, and at the age of seventeen started in business for himself.
He was large and strong, and enjoyed nothing else so much as a difficult or heavy job. As, even at that early age, he was a first-class workman, his services were in constant demand. He built a shop for himself, on Greenleaf avenue, and afterward enlarged it, and, last year, built a large storehouse for himself.
He set up a large number of boilers in Oxford and Cumberland Counties, including several for the Burnham & Morrill Co., for whom he also did extensive jobs of plumbing and machine work in their different cannery factories. These were not nearly all of the large contracts which he successfully handled. Here in Norway among other jobs must be reckoned the installation of the large steam-heating plant of C. B. Cummings & Sons. Perhaps the most extensive of his labors was the piping for a paper mill of the Poland Paper Co. at Mechanic Falls.
The news of his death, Sunday morning, took the people by surprise. He had been laid up only a few days with typhoid fever. He came home from Harrison, a week before, sick. He had been piping Whiteley's chair factory at that place.
He left a father and mother, and one brother. Had he lived, he would soon have been married.
The funeral was at the house, Tuesday afternoon, in charge of Oxford Lodge of Freemasons of which he was a member. Rev. Caroline E. Angell spoke words of comfort and the Universalist choir sang. The floral tributes were beautiful indeed:
Family—Willow and wreath.
C. M. Smith—25 white pinks.
Jessie S. Andrews—yellow, cut flowers.
Miss C. Tucker—pink pinks.
Morrill M. Fuller—25 pink pinks.
J. F. Bolster—pink roses.
Miss A. Bailey—doves.
Mrs. George Fogg—flowers.
Mrs. H. Upson—flowers.
The business places in the village were closed.
By industry and thrift, combined with his marked ability, he had acquired a considerable property. Taken away in young manhood, his place will be harder to fill than would be that of any other business man of Norway.
Hortense Gardner Gregg is publishing a book, "Jack and Gill, or a Sister's Fidelity." This is a very interesting story, and Miss Gregg has already had a large advance sale. Any one wishing a copy can secure it by writing to Miss Gregg at Norway.
George W. Winslow, the truckman, got a bad blow on the neck by slipping and striking his throat across the chime of a sugar barrel which he was handling for Simeon Harriman, last Friday. It hurt his windpipe badly and he spit blood for several hours. He is getting along well now but has not fully recovered from the hoarseness which the injury caused.
Mrs. Cynthia, widow of the late Grover Crockett, died at her home, Saturday, aged 73 years. She had been in feeble health for years, and had been confined to the house since June. She leaves one son, George Thomas Crockett, who with his wife, tenderly cared for her in her last sickness. Her niece, Mrs. George Jordan of New Gloucester, was here at the last. The funeral was held on Monday afternoon, attended by Rev. Caroline E. Angell. Mrs. Crockett was a good woman, respected by all who knew her. She had been a widow twenty-five years.
Five Hunters Get Four Deer.
C. Willis Palmer, Harrill Allen and Edward M. Thompson went to Albany, last Friday, for a deer hunt. At Rice's Junction in Albany, when going over the river across some deer, and Palmer shot a big doe. In Albany Allen got a good buck and Thompson a doe, and they all came home on Saturday.
Friday, John McKay and Hosea McKay went to Stoneham. John shot a buck and they came home the next day.
Miss S. B. Prince went to Boston, Wednesday morning.
Cyrus S. Tucker is visiting in Boston and vicinity, this week.
Mrs. Frank Kimball sings at an entertainment in Mechanic Falls, Thursday evening.
Mrs. Jennie Frost and little daughter, have returned from their visit to Massachusetts.
W. H. Barnes, who used to work with A. L. Cook, the barber, is building him a house in Deerling.
Capt. W. Bisbee returned to North Adams, Mass., last Wednesday, after spending a vacation among friends in this vicinity.
The senior class of the Norway High school will have an entertainment followed by dance and sociable at Conchlyon Hall, Thursday evening, Nov. 17th. Ice cream and cake will be served.
John F. Horne of Auburn has leased the Cumberland county jail work shop for two years from next January 1. He has run the Androscoggin work shop for a long time and the York work shop for two or three years.
Work in the factory of B. F. Spinney & Co. is starting up. Between 50 and 60 cases per day are being cut. More help is desired in the stitching room. Both experienced and inexperienced hands can find employment. See ad. in another column.
E. E. Andrews of the firm of Parker, Burrage & Co., who sell a number of horses each year at auction, has their first sale of this season at Whitefield, N. H., Friday, Nov. 26th, and another at Plymouth, N. H., Thursday, Dec. 1st.
Byron E. Hodgkins, a little over a year ago, bought the W. B. Marston place on Tucker street. Mr. Marston placed a farm at Turner Center. This fall comes another change. Mr. Marston swaps his Turner farm for his old home on Tucker street and Mr. Hodgkins moves to the Turner Center farm. Both parties are satisfied that good bargains have been made.

Oxford County Advertiser.
The above cut is a pretty fair representation of the snow shoes made by A. M. Dunham of Norway. Expert snow travelers pronounce them to be the best and most easily managed snow shoes made in this State. Every part of them is hand-made and the filling of raw-hide will neither stretch nor "bag" in wet snow. This is guaranteed.
Mr. Dunham makes shoes to order only. He requires the weight of the person who is to wear them and the size of the boot or shoe and guarantees a fit every time. He has made in the past few years over 600 pairs and has never yet failed to please a customer in size, weight and style of shoe. He has a nimble hand in repairing of snow shoes, as they will wear out and break. That can't be helped. The nice sometimes eat the raw-hide. If your snow shoes need repairing, send them to him. Prices reasonable and correspondence solicited.

SOUTH PARIS.
W. L. Grover of Harrison was here, Tuesday.
Isaac Chase and wife of Chase's Mills have been visiting relatives in this town. Isaiah Pompilly of Lewiston was in town, last Thursday.
Evelyn Shorey of Gorham, N. H. was the guest of Mrs. E. E. Wilson, last week.
Harry Parlin has been laid up with sickness, a couple of weeks, but is out again.
S. P. Maxim & Son are building an ice house, 22x46 feet, on Oxford street, for C. E. Bennett.
Jarvis Doble has moved from across the river into C. E. McCardle's house on Pleasant street.
J. P. Plummer has put a huge "No Credit" sign in his store. We wish more would do the same thing.
Albert D. Park has the shrubbery on the county grounds staked and wrapped in evergreen boughs for the winter.
The village schools closed, last Friday, except the high, which is in session, this week. Dec. 5 is the date set for beginning the winter term.
The season's pack at Burnham & Morrill's corn and succotash factory has all been shipped. Superintendent Emely informs us that seventy-five acres of corn have been signed for next year.
The officers of South Paris W. C. T. U. are:
President—Mrs. George R. Morton.
Vice-President—Mrs. Benjamin Swift.
Recording Secretary—Mrs. Walter L. Bonney.
Corresponding Secretary—Sadie A. Barrows.
The winter's work of freight traffic over the Grand Trunk has begun in earnest. Wednesday afternoon, at four o'clock, three fast freight trains—three six-wheel locomotives and eighty cars—were in South Paris yard at once. Two trains were bound for Portland and one for Montreal.
H. E. Wilson, North Western Avenue, South Paris, Me., will have for Thanksgiving trade a nice line of native turkeys and chickens. All who wish to get one should leave their orders early to make sure of securing one. Store will be open, Wednesday evening, Nov. 23, until 11 p. m. Every one should call then if not before.
A petition has been circulated to have Pleasant street widened between Shurtzoff avenue and Gary street, by making the upper side straight. It would be a great improvement. The petition was presented to the county commissioners at a meeting of the board, Tuesday. They went out and looked at the street, saw that the change was needed, and will appoint a formal hearing in December.
There is considerable talk about candidates for tax collector. We have heard mention of the names of Albert H. Andrews, Oliver G. Curtis, Walter S. Gray, Alfred H. Jackson and James R. Tucker. Doubtless one or two or perhaps all of these gentlemen would like the office and from them it would not be difficult to choose an efficient man. There may be others who desire the position.
S. A. True of Portland was in town, Saturday.
S. P. Maxim & Son have put electric lights into their factory.
George R. Hammond is building a stable for G. K. Ripley.
Wilber L. Farrar has put a W. P. Maxim telephone in his store.
Mrs. Jellison of Auburn was a recent guest of Mrs. Edwin Spofford.
Columbia Bumpus of Hebron visited at Rodney N. Hall's, last week.
Alton C. Wheeler was at home from Bates college to spend the Sabbath.
Myron W. Maxim shot a nice deer—a yearling buck—at Hastings, Friday.
Newton Stanley and wife of Portland are visiting at Charles W. Bowker's.
Alice Davis is at home, after a two-months' visit to relatives in Massachusetts.
Mrs. John W. Chute was visited by her brother, E. P. Woodbury of Lancaster, Mass., last week.
A petition is in circulation for an extension of the street railway to the top of the rise just above the mill bridge.
Wallace K. Clifford is digging a cellar on Pine street. The Ham house on the corner of Market square and Pine street will be moved over it.
Master Howard Corbett got caught in a heavy door, and had both bones of one leg broken just above the ankle. He is the eight-year-old son of Aaron O. Corbett.
Dr. C. L. Buck goes to Rumford Center and Andover on a dental expedition, Wednesday, Thursday and Friday of this week.
George R. Morton and Lester DeCoster are brokering for deer in Glen, Saturday. Mr. Morton got a buck and a doe and Mr. DeCoster a buck.
There will be a special town meeting soon. A collector must be chosen to succeed Chandler Garland, and some road matters will also come up for action.
Mrs. Jennie E. Seamans of Amity gave two ten-minute addresses in the Baptist church Wednesday of last week. A local W. C. T. U. is one result of her work here.
Rev. George S. Chase of Mechanic Falls gave an excellent lecture on army life, last Thursday. The next lecture in the course is on this Friday evening, by Rev. Henry R. Rose of Auburn.
Horace W. Maxim and Caleb Dudley went deer hunting on the Mixer flat this side of Streaked Mountain, last Friday. Maxim shot a big buck with handsome antlers. The deer weighed 225 pounds after dressed.
A petition is in circulation for a change of location of Pine street. The street was located so that William Henry Robinson's house would be partly in it, and it is proposed to remedy that before the street becomes thickly settled.
S. P. Maxim & Son have begun building a two-story block on a block lot in the square. There will be two stores on the first floor and tenements above. 47x54 feet with steel front. It will be set back on the lot so as to permit straightening the outer line of the square.
The scholars in Porter street primary school—Hattie M. Leach, teacher—who were not absent during the fall term are:
Ida M. Field, Lewis Marston, Elizabeth C. Morton, Wilma L. Robinson, Lottie Barrett, May Davis, Wylder Needham, Harry A. Titcomb, Carlisle R. Berry.
SINGE POLE.—E. E. Lander went to Woodstock, recently, on business.
Asa Harriman was at his father's, over Sunday.
Horace Maxim shot a large buck deer, the past week.
C. F. Harriman and wife were at Buckfield, the past week.
M. L. Rowe has bought and moved on the Eugene Fuller farm.
M. L. Rowe helped C. F. Harriman, butcher his pig, Nov. 10.
Gerald Wing is working for Frederick Tribou and goes to school.
C. F. Harriman has lost his big black cat. It is supposed that some one shot him.
Mary Fuller has returned from Buckfield, where she has been visiting old neighbors.
The large balm of Gilead tree in E. E. Lander's door yard was blown down in Thursday night's storm.
John Thurlow has been visiting his father and other relatives in town. He has gone into the woods for the winter.
B. D. Thurlow was at this place, Saturday, Nov. 5, and stopped over night. He recently received a visit from his brother, Aaron Thurlow, from Mechanic Falls.
No. 4 HURL.—School closed, Saturday, Nov. 12.
Augustus Thurlow is working at the Cape for Mr. Billings.
Belle Corbett is working for S. M. King. Mrs. King is not very well.

BUCKFIELD.
Justus M. Mason is reported quite ill. Mrs. Abby Cushman returned from Auburn, Saturday.
Chas. Withington, who has been confined to the house, is able to be out again. A war-gam exhibition at G. A. R. hall was on Monday and Tuesday evenings.
Dr. Heald has left Rumford Falls and taken rooms over the post-office at this place.
Mrs. John Tobin and Mr. Tobin's son Roscoe of Bryant's Pond have been visiting friends here of late.
The Buckfield Choral Society are to entertain the people, Friday evening, Nov. 26, at the Baptist church.
On a writ of ejectment, Buckman vs. Elliott, the case came before Justice Parsons, Saturday. Decision reserved.
James Harlow has hired to the Withington Brush Co. Charles Record takes Harlow's place at Atwood & Atwood's die block factory.
R. H. Morrill has finished a room in the second story of his store, especially to be used for rubber goods, canvas jackets, fur coats, etc.
Your correspondent is entertaining a cat which came from Virginia, sealed up with a load of car-buys consigned to the Hartford Cold Spring Co. Possibly she may be of the E. E. V.'s.
The Methodist society gave a supper at their vestry a few evenings since. Like many another of the same nature, forks and spoons disappear. It does not follow because such goods bear the initials of the owner that they are silver, but such seems to be the conclusion of some.
Send 20 cents and get this paper for the next 10 weeks. See ad.

BYRON.
Geo. Ladd is about to build a new shed.
Jury Herrick and wife are at Lewiston on a visit.
Leroy Thomas is having his shed newly clapboarded.
Ed. Knapp is yarding his poplar near Shattuck's camp.
H. H. Richards attends Probate Court at Paris, this week.
Rev. S. S. York was in town, last week, holding meetings.
We understand our post-offices are soon to be money-order offices.
Deer are not very plenty and but few have been killed here, this fall so far. We had quite a snow storm, last Thursday night. About six inches fell, followed by rain.
Nettie Knapp, who has been visiting her mother, Mrs. Louisa Knapp, the past few weeks, has returned to her home in Weld.
Oscar Pressey is pressing hay at John Houghton's barn. He has pressed nearly one hundred tons of hay since coming to this part of the town.
Geo. Thomas will log, the coming winter; near Hop City. Jacob Rodson has a logging job on "Old Turk." He will camp in Gib. Hodson's old house above Gum Corner.

BETHEL.
Six inches of heavy snow fell, the 10. Arthur V. Barker is running Kilborn's saw mill.
Mrs. Scott Wight is very sick indeed at the present writing.
Mrs. Cyrene J. Bean of South Paris was in town, last Friday.
Prof. E. H. Pratt takes a trip to Boston at the close of the school, this week.
E. S. Kilborn intends to handle his usual amount of wood and timber, the coming season.
Last Thursday and Friday were days for deer hunting in this vicinity and several were captured.
Prof. Pratt gave an oyster supper to the G. A. foot ball team, Wednesday evening, at Mrs. Chute's.
The fall term of Gould Academy closes, this week, the public examination being on Wednesday.
Bethel fire police have organized and intend to be prepared for good work whenever called upon.
The cider mill has closed its season's work, having worked up about three thousand bushels of apples.
The G. T. R. Co. have lately put in a short siding to accommodate the Bethel Chair Co. and the corn shop.
A. H. Hutchinson has moved into the Philbrook house on Main street, lately vacated by Hiram B. Perkins.
The Universalists hold their annual chicken supper at their dining rooms, Thursday evening of this week.
The traveling theater troupe which is exhibiting in Odeon Hall for the entire week, evenings, are not having large houses.
Albert R. Hopkins was up for drunken disturbance, last Thursday, and fined three dollars and cost by Trial Justice Grover.
Harold B. Chapman has sold his farm at Cumberland and moved back to Bethel; is occupying the Chapman rent on High street.
Forty cases of salmon fry have arrived at this station and are going to be transported and put into the Umbagog lake. It is understood that they are furnished by the United States commissioner.
Bethel Chair Co., last Monday, commenced putting in the foundation for a building 40x80 feet and 19 feet posted, to be used for a finishing and sales room. It is to be erected between the chair factory mill and the corn shop.
The F. & A. Masons of Bethel Lodge elected officers at their annual meeting, last Thursday, as follows:
M. Curtis E. Abbott.
W. N. E. Richardson.
J. W. Arthur V. Barker.
Treas., W. W. Chandler.
Sec., J. C. Billings.
S. D. D. G. Lovejoy.
J. D. W. E. Abbott.
J. H. Barrows was at Berlin, Saturday.
Will Bryant and Edward Stanley got a deer, Friday.
Mrs. Will Abbott and son visited in Portland, Sunday.
Dr. B. L. Bryant of Bangor visited relatives here, Sunday.
Mrs. Enoch Foster is visiting Mrs. A. L. Bell in New York.
J. H. Deering is building an addition to the rear of his store.
Mrs. N. S. Baker of Newry is visiting her daughter, Mrs. C. O. Moore.
Joe Hamlin attends the winter term at the Maine Wesleyan Seminary at Kent's Hill.
Prof. W. S. Wight has bought M. C. Kimball's land near the park and will erect a residence there.

WEST FRYEBURG.
School at No. 3 closed, last week, after a successful term taught by Edith Walker.
Secretary of the Board of Agriculture, B. W. McKee, is building an addition to his barn.
Nellie Hardy is at home, having finished her fall term of school teaching at Jackson, N. H.
Mr. and Mrs. McKee and daughter of Lovell are guests of Mrs. McKee's sister, Mrs. H. D. E. Hutchins.
Mrs. Susanna F. Ballard has been confined to her room for more than a week by nervous prostration but is slowly returning to health and strength.
Mrs. E. P. Hutchins of the post-office is very ill and is attended by physicians from Fryeburg. Mrs. Hutchins has an excellent nurse in Mollie E. Hill.
The house building for Charles Andrews looks as if nearly completed and is said to be very cozy and convenient inside as it certainly is neat and slightly in exterior appointments. Mr. and Mrs. Andrews expect to occupy their house, this winter.
Mrs. E. E. Towle responded in a pleasing manner to a toast, "The social side of club life," at the meeting of the women's club at Fryeburg, last week. Mrs. Towle with Mrs. S. O. Wiley and Mrs. D. R. Hill represented the Stirling Literary Club upon the same occasion.
Probably the oldest club, woman living is Mrs. Susanna F. Ballard, who, now in her ninetieth year, contributed to the program at the entertainment of the Woman's club of North Conway by the clubs of Fryeburg a letter of greeting to the visiting club. The letter was read by a member of the Stirling Club, Mrs. Ballard being unable to attend the meeting in person.
David B. Hill was forcibly reminded of the times of picket duty before Petersburg, when a bullet went whizzing by within a yard or so of his head, one day last week. The noise of the bullet caused the horse Mr. Hill was leading to jump with fright. While there is no law for the protection of deer, might we not have one for the protection of human beings in their own door-yards from the wild shooting of huntsmen?

Send 20 cents and get this paper for the next 10 weeks. See ad.

HALE.
Mike Gill is back again working for Mason Bros.
A. H. Kenerson is doing quite a business at barbering.
I. W. Mason and wife have been to Portland for a few days.
Louie Kidder is home for a two weeks' vacation from school at Dixfield.
Luther Robertson and Ben Philbrook each shot a deer, one day last week.
Herman Mason has been in this place, a few days, and has returned to Bethel.
About six inches of snow fell in this place, one day last week. One man was seen hauling logs to the mill on sleds.
Rev. Mr. York held services in the schoolhouse, Sunday afternoon, and also a Mr. Taylor in the evening, good attendance at both. The new organ gives much satisfaction to all. Mrs. A. H. Goff is organist.

One of Hood's Immunes.

Being a native of the state of Maine, and once living in the town of Norway, I thought it like to know what a once Norway boy's experience of army life in Cuba is. I joined, the 20th of last May, at Covington, La., the 2nd U. S. V. I., better known as Hood's Immunes, and was assigned to Co. K, of that regiment. I shall endeavor to pen you a few lines and give you a short account of the doings of Co. K of Hood's Immunes.

The four or five days preceding July 21, 1898, had been very busy ones of preparation for leaving Santiago; and at the time I retired, late Saturday night, I had the property of every description necessary for use on Sunday; and when the battalion tender drove up at 5 o'clock, Sunday morning, he was immediately loaded with our baggage, "the officers' gear having been torn down, that morning," and he was en route for Covington (we were 2 miles out in the woods; the place was called Camp Caffery after Senator Caffery of Louisiana) before the war of either of the other companies in the battalion had been taken down.

Then followed a day of waiting in sun and, mostly, rain, during which our officers shared the hospitality of the men in their tent. The next morning at 3 o'clock, the tender brought us all from our wet blankets, and the camp was alive with the bustle of packing up; and the sight presented, that dark, wet morning, is one I shall always remember. The many fires started by the men from boxes and camp accumulations, for the double purpose of furnishing light and drying our blankets and clothing, illuminated the camp and presented a scene beyond my ability to reproduce by pen. After the men packed all their earthly possessions in their rolls and ate a breakfast which had been prepared, the preceding morning, before removing our surplus provisions and cooking articles to Covington for shipment, we fell into line at the call of assembly, and the long column of fours wound its way along the muddy and slippery road as the first light of morning signaled the approaching day.

We reached Covington before the sun was up, but our battalion had to wait until 11 a. m. before boarding the train for New Orleans.

We arrived at New Orleans at 9 a. m., and after leaving the cars we stood about in ranks alongside of them in the sun, closely crowded by the throng of spectators, not a breath of air stirring, for some time; it seemed to me hours and it grew it was. Finally, we were allowed to move into a large warehouse, where the ladies had prepared an excellent lunch with which they served us. Many thanks for their kind efforts. This was the most pleasant portion of the journey from Camp Caffery to Santiago. From there we were marched to the wharf, where the steamship Berlin was waiting, and then there was another long wait before we could march on land, and such a disorder as there was! I should have thought any civilian who had reached maturity would have known the necessity of assigning each company to its location on the ship and handling it there, so they could have managed the baggage, baggage, baggage, etc. Co. Hood had been in New Orleans, Friday and Saturday, and had not assigned quarters for any company; for had he or Col. Ritchie of the 1st U. S. I. even divided their respective portions of the ship. We were finally marched aboard upon the upper deck, and stood there until late in the afternoon, before quarters were assigned us in the ship; and then a very unequal division was made, giving the 1st battalion almost as much room as both the other battalions.

At 11 p. m., we moved from the wharf to the middle of the Mississippi river. Then came a period of waiting, while telegrams were exchanged between New Orleans and Washington. At last a message came with final orders for Hood's regiment to proceed to Santiago, and Col. Ritchie's regiment to go ashore. About noon, Wednesday, July 27, we went alongside of the wharf and the 1st battalion disembarked.

I fell to the lot of our company to guard the wharf, that afternoon, and didn't do a thing to us but rain, all the afternoon.

The next day at 120 p. m., the Berlin came to her moorings, and this time we were ordered for Santiago. We had a pleasant and uneventful voyage, arriving at Santiago, Aug. 2nd, just after sunrise. Shortly, the lighters pulled alongside to convey the first and second battalion ashore. The lot of unloading the baggage and supplies was assigned to us, the third battalion, also the welcome duty of loading the lighters and unloading them on the wharf and then guarding them well, after 72 hours of hard work, and sleeping on the wharf with only our rubber blankets for protection, and 48 hours more of guarding the regiment's property, unassisted by any other company, besides furnishing regular details for other purposes, was on a continuous duty from Tuesday noon until Sunday night, without a moment's relief for even an hour, and with the result as I could catch, sleeping on the wharf side of a board.

Since getting established in camp, which is situated in the street, I have no complaint to make, except that the guard duty has been exceedingly heavy every other night. The guard duty is 24 hours for one man. We have to drill one hour, every day, from 6 a. m. to 7 a. m. Up to date, we have had fourteen deaths, all being fever except one, who was shot by one of his comrades. Our camp is next to the general hospital, and our tents are about 200 yards from the yellow fever pest-house. Co. K had the honor of killing the Cuban sneak thief who attempted to pass the lines after being halted three times.

I have received but little news from the United States, the latest paper being dated Sept. 20, in which I saw that some cautious and altogether unfounded reports concerning us have been sent back to the United States by a newspaper reporter. We never have been ordered back to the United States, and the conduct of our regiment has been completely approved by General Lawton. Humphreys Wood on numerous occasions. I only regret it that we have not been ordered to the interior. Last week, we were moved to Songo, a very pretty little town of about 200 inhabitants, 2 miles from Santiago, at an altitude of 2,000 feet above sea level. But the Cuban soldiers there were very poor race of people, mostly negroes and all mixed blood. We are here waiting orders to move,

CLARA BARTON.

Her Grand Indorsement of Dr. Greene's Nervura.

Encouraging the Sick to Use This Greatest of Remedies.

Furthering the benevolent advice of the Associated Charities in recommending the sick and suffering to use Dr. Greene's Nervura blood and nerve remedy—the cure for disease which Rev. Dr. DeWitt Talmage used and recommended to the people, and concerning which Mrs. Henry Ward Beecher wrote highest praise of its wonderful beneficial effects—Clara Barton, President of the Red Cross Society, gives public indorsement of this great remedy which is so perfectly and effectually curing the people from their complaints.

Why will people continue to suffer and drag out an unhappy and miserable existence of sickness, pain, weakness and debility when there is a remedy sure to cure? Dr. Greene's Nervura blood and nerve remedy is pronounced on every hand and by all classes of people to be the most wonderful cure for disease ever known. It cures where all others fail. Physicians declare Dr. Greene's Nervura to be beyond doubt the grandest medical discovery of this century, and recommend and prescribe it as the surest of all remedies to restore health and strength, to make the sick well, and to relieve the weakness, debility, pain, anguish and suffering of disease.

What higher commendation can this medicine have, what more convincing proof, what more positive assurance that Dr. Greene's Nervura blood and nerve remedy will surely cure than the recommendation and indorsement of the President of the Red Cross Society, the world wide known and universally loved and honored, Clara Barton, who has brought relief to thousands of the world's suffering, whose crowning act of benevolent charity in carrying to stricken Cuba ships laden

with the tender mercies of charity is a matter of history known to all the world. Such is the world famous Clara Barton, President of the Red Cross Society, and her words in praise and recommendation of the wonderful curer of disease, Dr. Greene's Nervura blood and nerve remedy, will be the kindling of new hope to thousands upon thousands of those who are sick, out of health, weak, nervous or who suffer from headaches, rheumatism, neuralgia or other painful and distressing disease, kidney complaints, nervous affections or poor and devitalized blood.

Clara Barton says: "We have tried Dr. Greene's Nervura blood and nerve remedy and although the remedy has been in our hands but a short time, we judge that the remedy has all of the merits which are claimed for it. We still continue its use, with the expectation that we shall be able to indorse it still more highly."

CLARA BARTON, President of the American National Red Cross, Washington, D. C.

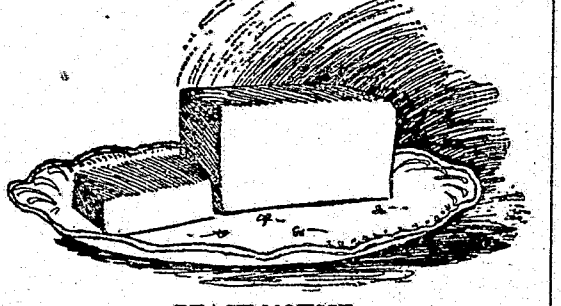

If you wish to be made well and strong again, if you wish health to take the place of disease, if you wish to know what it is to be without pain, weakness, nervousness, humors, or indeed, any kind of nervous and physical suffering, take Dr. Greene's Nervura blood and nerve remedy. Dr. Greene's Nervura is not a patent medicine, but the prescription of Dr. Greene, of 24 Temple Place, Boston, Mass., the most successful physician in curing diseases, and is, therefore, exactly and perfectly adapted to cure. Consultation, examination and advice in regard to any case may be had free at Dr. Greene's office, either if you call or write.

REFRESHING DISHES.

Two Good Sherberts—Peach Mousse—A Delicacy Worth to Serve a Meal.

Watermelon Sherbet.—Boil a quart of water and a pint of sugar ten minutes. Add a teaspoonful of granulated gelatin that has been soaked in one-fourth a cup of cold water and strain through a cheesecloth into the freezer. When cold, add the juice of six fresh lemons, strained, and freeze as usual. When nearly frozen, add a cup of watermelon rind (preserved) cut in very thin, small slices. Preserved citron or the citron of commerce may be used in the same way.

Peach Mousse.—Pare a dozen of mellow peaches, remove the stones and cross the pulp through a sieve or ricer. Soak a teaspoonful of granulated gelatin in three tablespoonfuls of cold water, dissolve over hot water and strain into the peach pulp with the juice of half a lemon. Whip a pint of thin cream with a whip churn, drain carefully and set into the refrigerator to become thoroughly chilled and stiffened. Stir the peach mixture in a pan of ice water until it begins to thicken, then fold into it gradually the cream whip, discarding the liquid cream. When evenly mixed, pour into a mold.

PEACH MOUSSE.

press the cover tightly over paper and pack in equal parts of ice and salt. Let stand three or four hours before serving.

Melon Half Frozen.—Cut the melon (water, nutmeg or cantaloupe) as for serving at table. Remove the ripe portion and cut into small pieces. Sprinkle with sugar or a few grains of salt at pleasure. Turn into the can of a freezer and pack in equal parts of ice and salt, and without the use of the dasher in a glass dish, or in the half shell of the melon, chilled, and with the upper edge cut in vandykes. A mat of grape leaves beneath the shell will give the finishing touch to a very pretty and appetizing dish.

Peach Sherbet.—Make a sirup with one quart of water and a pint of sugar. Add one teaspoonful of granulated gelatin, soaked in cold water. Strain and add one quart of mellow peaches, pared and pressed through a potato sieve; one cup of orange juice and the juice of one lemon. Finish as usual.

The foregoing recipes and illustration are selected from some tempting menus presented in the Boston Cooking School Magazine.

Second Time Is Out.

The hotel stood on a corner of a main street and a comparatively unfrequented side street. One evening I overheard the little old blitherer talking very savagely with another around the corner on the side street, and among other things he said: "Yes, sub, an ef I hits you dey woan' be but two licks struck. I'll hit you an you'll hit de ground."

"You done heah what I say."—Denver Post.

Ungracious to Her Sex.

It has been suggested that the new woman might emulate the virtues in which men excel. The kindness of intercourse found among men does not characterize the attitude of woman toward woman. A man will make himself comfortable on a long journey and at its end will have made an acquaintance, and, perhaps, a friend of his neighbor. But for a woman to speak to a fellow traveler of her own sex without the conventional introduction is to invite a snub. Should she inform her neighbor at the dry goods counter that she has found a certain new lining for her frock most satisfactory, the information would very likely be received with a haughty stare, plainly declaring the suspicion that the informer gets a percentage on sales. There is small opportunity under such circumstances to love your neighbor as yourself. The experiment has but to be tried to demonstrate to the grossly indolent woman that there is little room for who would even in a small way, wish her sister woman goodluck upon her way. Steamers in passing each other display a white flutter of handkerchiefs from the human freight aboard, but the wayfaring woman is considered a fool if she inclines to that sort of graciousness on land. And yet a woman is not necessarily either disreputable or designing simply because she speaks to another woman without introduction. Graciousness, however, need never suggest familiarity. A helpful word may be spoken with dignity and yet with kindly interest, and she who respects it is to be pitied for her lack of understanding. A gracious "Thank you" even if it well measure information is not needed, proclaims the gentleman.

United States Senator Eugene Hale of Illinois paid a fine of \$40 for attempting to ship partridges from Maine to Washington. It is not necessary to add that Mr. Hale's violation was unintentional.

The Rules of the House.

"How can I learn the rules of the house?" asked a newly elected Irish member of the late Mr. Parnell. "By breaking them," was the prompt reply of the Irish leader, who, as is well known, spoke from experience on the point. But few members would care to adopt that heroic method of obtaining the desired knowledge, and their task in mastering the rules is rendered all the more difficult by the curious fact that many of these regulations are unwritten.

Some will be found in the standing orders, or permanent rules; but those that deal with etiquette and decorum have not been officially recorded anywhere, save in a few quaint and obsolete regulations to be found in the old issues of the journals of the house or in the minutes of proceedings taken by the clerk and published daily during the session.

For instance, a strange rule for the guidance of the speaker is set down under the 15th of February, 1620, "The speaker not to move his hat until the third course." Propriety of carriage in leaving the chamber is thus enforced, "Those who go out of the house in a confused manner before the speaker to forfeit 10 shillings." This rule is dated the 13th of November, 1640. Again we find that on the 23d of March, 1699, it was ordered, "No member to take tobacco into the gallery or to the table sitting at committees."—Nineteenth Century.

Useful Siwash Dogs.

If you are going to prospect in Alaska and expect to travel much, a pair of good "Siwash" dogs are very essential—almost indispensable. These dogs greatly differ from our domesticated dogs, taking to the harness like a duck to water. They do not bark at strangers. They are kind and affectionate, showing the wolf in them only among their kind. It seems to be against their principles to get off the trail to let another team pass.

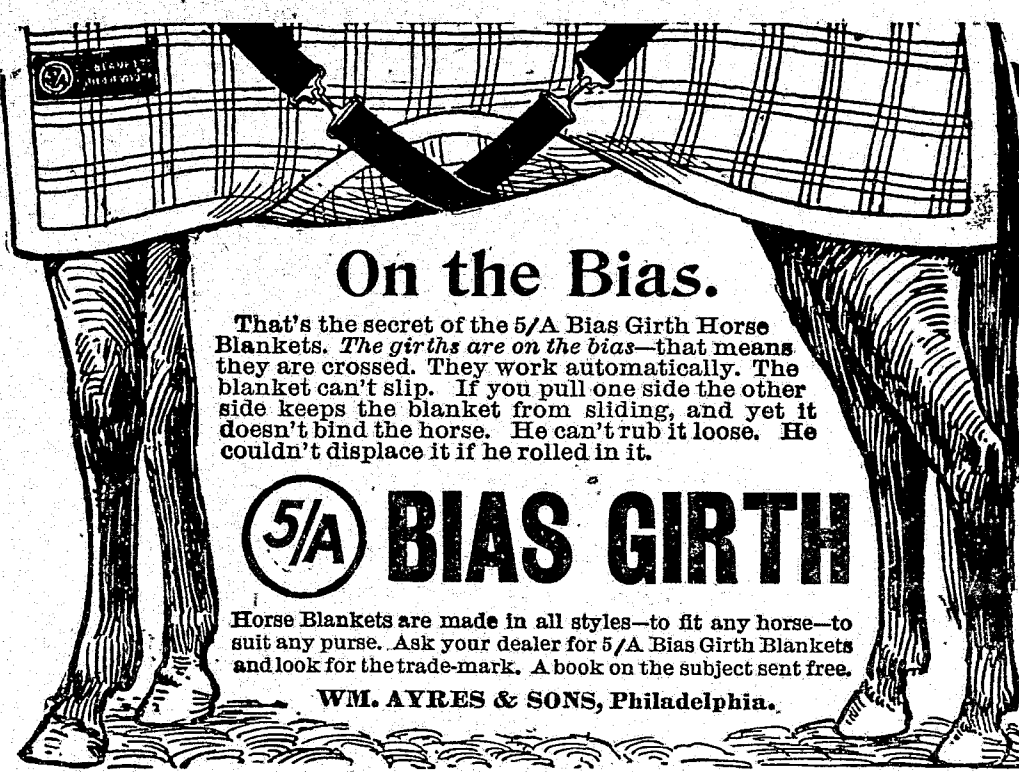

This means a fight, an exciting episode if the teams number five or six dogs each. In an instant the wildest confusion takes place. Dogs, harness and each driver with a club in his hand form one grand jumble from which order can only be restored by some of the dogs being knocked senseless. The dogs are trained to "gee" and "haw," like an ox and stop at the word "whoa!" "Mush" is the word used generally by the whites to indicate go ahead, a perversion of the Indian word "hush." The dogs prefer their master, but if left for use they work as faithfully as for their master.—San Francisco Chronicle.

A Grave Question Decided.

I regret to see that the powers who adjudicate upon delicate questions of precedence appear to have definitely decided that the Duchess of Coburg shall be placed on the same footing as the Princess of Wales. At the time of the last ball I commented on the fact that they entered abreast, but there was some doubt as to whether it was by accident or design. All doubts, however, were set at rest by the semi-official announcement before the ball last Monday that once more the princess and duchess "would enter side by side." This is a concession that ought not to have been made, and the Duchess of Coburg should have been relegated to a back seat. In this country the princess should take precedence of every one save the queen and not admit foreign royalties, however aspiring or ardent, to rank equally with her.—London Figaro.

Motherhood and Intellect.

Those who are opposed to the idea are fond of the argument that the higher education is too much of a strain for the physical woman, and that it unfits her for her first and highest duty—motherhood. In view of this assertion Mrs. Fawcett of England has for some time past been collecting the photographs of babies whose mothers have received university educations. This collection she has recently presented to Newnham college, and it is said that a more vigorous and healthy set of young ones it would be hard to find. These sturdy little beings represent an actual condition and not a theory, so those who still object to chemistry and higher mathematics for their women-folks will have to move their guns to another point.

On the Bias.

That's the secret of the 5/A Bias Girth Horse Blankets. The girths are on the bias—that means they are crossed. They work automatically. The blanket can't slip. If you pull one side the other side keeps the blanket from sliding, and yet it doesn't bind the horse. He can't rub it loose. He couldn't displace it if he rolled in it.

5/A BIAS GIRTH

Horse Blankets are made in all styles—to fit any horse—to suit any purse. Ask your dealer for 5/A Bias Girth Blankets and look for the trade-mark. A book on the subject sent free.

WM. AYRES & SONS, Philadelphia.

BLUE STORE SUITS, MEN'S, YOUTHS', BOYS'

Are you thinking of buying one? Most everyone is, this time of year. WE WANT TO SHOW YOU OURS. We've got the kind that will please you; please you in more ways than one.

Please You Because They Are Good in Quality,

Please You Because They Are Good in Fit and Style.

Please You Because They Are Good in Low Prices.

They please us because they will please you and you will come again. Overcoats and Ulsters. We excel in these coats, you'll say so when you see them.

Our Fur Coats, Overshirts and Underwear are the kind you will like. We'll be pleased to show you. It may be for your profit. We'll expect you in.

F. H. NOYES, NORWAY.

BLOOD WILL TELL

The purely vegetable ingredients that give True's Pin Worm Elixir its wonderful power of expelling worms, make it also the best medicine known for curing all diseases of the mucous membrane of the stomach and bowels—one of the most frequent causes of illness in children and adults. An unrivaled tonic and regulator of the bowels and stomach. True's Elixir has been a household remedy for 40 years. It treats at once the blood, expelling impurities and giving health and new life to the whole system. Price 25c. Ask your Druggist for it. Dr. J. F. TRUE & CO., Auburn, Me. Write for Book—Free.

TRUE'S ELIXIR ACTS AT ONCE

ARE YOU GOING TO SHOOT A DEER?

If so send and get Shipping Tags, REQUIRED BY LAW, when you go into the woods so you can send your deer head right along and not have it spoil while you are finishing your hunt.

ALL KINDS OF WORK SOLICITED. FOX MATS A SPECIALTY.

HEBRON.

Hon. Geo. D. Bisbee of Rumford Falls was in Hebron, this week.

A. D. Cummings and Albion Cushman were in Lewiston, last Wednesday.

A Portland man has taken the job to grade the grounds for the new dormitory.

There was a magic lantern entertainment at Sturtevant Hall, last Saturday evening.

Kate Merrill is spending a few weeks in Boston with her cousin, Mrs. Rosie L. Crocker.

Henry B. Sturtevant shipped a car load of apples from East Hebron depot, last Saturday.

Rev. Mr. Dutton secured nearly two thousand dollars in Hebron for the dormitory at Hebron Academy.

At the Hebron Grange, last week, the question of the efficacy of the Maine prohibitory law was discussed.

Vivian Bearce had the luck of getting a large coon, mink and partridge, one forenoon recently. He has shot about 20 partridges, this fall, besides considerable other game.

D. F. and C. W. Cummings have recently put spring water into their house and barn, by means of a windmill, taking it from a spring in the pasture about fifty rods from the barn.

The ladies' circle met at their room in the church, Tuesday afternoon. They voted to purchase a piano. A picnic supper was served at 6 o'clock at which the gentlemen were invited.

I. K. Stetson, esq., the leading candidate for speakership of the house in the Maine Legislature, gave a very interesting lecture in Sturtevant Hall, last Friday morning. It was to have been given, Thursday evening, but was postponed on account of the storm.

WEST LOVELL.

Fred Stearns shot a deer, last Saturday.

Mrs. George W. Stearns of Rumford Falls is visiting relatives here.

Frank Murdock and wife and Z. McAllister went to Chatham, last Tuesday, and Mr. M. shot a deer.

Mr. and Mrs. John A. Fox and Mrs. Fox's brother, George French, went to Norway and vicinity, last week.

Miss Perkins of North Fryeburg has returned home from Olden McAllister's, and they are without a girl. Mrs. McAllister remains unable to do much.

William Emery of East Watford, widely known as "Mark Tapley," was through this place, en route for Chatham, N. H. His fund of stories entertained his listeners at your correspondence, one evening, last week.

FRYEBURG.

Miss M. A. Page of Portland is in town for a short visit.

Mr. and Mrs. Joseph Allard spent Saturday in Portland.

Mrs. Frank Locke and Miss Locke were in Portland, last week.

The village schools closed, last Friday, for a three weeks' vacation.

John Hutchins has moved into the Locke house on Main street.

Fred Towle of North Conway, N. H., has rented Wiley's barber shop.

The usual meeting of the Woman's club is postponed for two weeks.

The Sons of Veterans gave a supper, Saturday evening, in their hall over Burbank's store.

The annual meeting of the West Oxford Teachers' Association will be held at Kezar Falls, Thursday and Friday.

The Chautauque circle met with Mrs. Frank Locke, Monday evening. Rev. E. H. Abbott gave an outline of English History and Mrs. M. B. Barker gave a talk on the "Celtic Race."

WEST PARIS.

Loy Eyster of South Paris spent Sunday in this place.

There were about 5 inches of snow here, last Thursday.

John Willis had an auction at his place, last Saturday.

F. Emerton and wife of Auburn are stopping at F. Reed's.

Win. Emmons broke his thumb on his right hand while out hunting.

L. B. Andrews and wife of South Paris were in this place, last Tuesday.

The Universalists have their circle at Mrs. O. K. Yates', this Friday, Nov. 18.

Carroll Bacon and Al. Estes went to a dance at Bryant's Pond, last Saturday night.

Frank McKenney shot two deer, last Friday. Jim Lapham of Milton shot a deer, last Thursday.

Z. J. Wheeler preached in the Baptist church, last Sunday. He has been sick for the last two weeks.

Mrs. Wm. Austin and little four months old daughter of South Paris were here visiting her sister, Mrs. S. T. White, a few days last week.

Following is a list of those in the primary school who were not absent:

Ralph Bacon, Wirt McKenney, Rupert Carr, Ralph Frost, Harry Page, Ethel Frost, Myron Farnum, Alice Dunham. Those who have been absent only one half day:—George Hall, Lida Hall, Leslie Hall, George Tuell, Robbie Crockett.

The following is a list of those in the grammar school who have not been absent since they commenced to go to school:—Ethel Howe, Lola Lane, Dana Farnum, Horatio Hammond, Dana Carr. Those who have been absent only half day:—Margie McKenney, Ellsworth D. Curtis. On Friday morning there was a prize spelling contest. The prize was a book of Browning poems. The contest was very sharp and lasted for an hour. Margie McKenney secured the prize. In the afternoon there were the usual closing exercises. Every one took part and did justice to themselves. In closing the teacher made a few remarks asking for the cooperation of the parents in the school work.

Send 20 cents and get this paper for the next 10 weeks. See ad.

WEST SUMMER.

Circle in the vestry, last Friday night. Good time reported.

G. M. Small and G. A. Chandler attended probate court at Paris, last Tuesday.

Wilson Ryerson has returned to South Paris to finish his job on Mr. Millett's house.

R. M. Stetson is putting in the stone work for his new barn which he is going to build, next spring.

Ernest Murch and sister, Mrs. Edith Bigelow, visited at their father's, John Murch's, last Sunday.

Wallace Ryerson and wife of South Paris visited with Mrs. Ryerson's sister, Mrs. Louise Gurney, last week.

Walter M. Chandler has finished his season's work for I. O. Swift and is in town visiting relatives and friends at South Paris.

Charles Farrar is going to raise his barn and put a cellar under it, also put on a piece, another spring. He is putting in the stone work, this fall.

Send 20 cents and get this paper for the next 10 weeks. See ad.

CASCO.

Peter Wood and family of Otisfield visited at E. A. Barton's on the 8th.

Will Colby is to start on building a new house, G. T. Cook, head carpenter.

Mae G. Barton had the first slide of the season on the morning of the 12th, and she says it was fun.

S. L. Richmond, the dry goods peddler of Portland, who came to this country some fourteen years ago from the city of Jerusalem, has sold out his goods and bidden his old friends and customers good bye and is thinking of going to Porto Rico about the 20th of the month.

Hattie Noble of Spurr's Corner is working at Mrs. William Hamlin's.

Rev. Mr. Coburn preached his farewell sermon at Casco village, Nov. 6.

Rev. Mr. Graham of Bangor preached at the F. B. church, Casco village, Nov. 13.

The fall term of school in this place taught by Gertrude Cook closes, Nov. 16.

Mr. and Mrs. M. L. Leach, who have been to Boston, Worcester and South Framingham, Mass., visiting relatives, have returned home.

SOUTH HARRISON.

Frank Chaplin has bought a horse.

James Edson is laid up with a sore hand.

Clara DeWitt is visiting at Cook's Mills.

Herman Thompson is building a new house.

Willie Fogg has returned home from Rhode Island.

John Johnson has moved to Bridgton for the winter.

Mrs. Ruth Buck who broke her ankle, a while ago, is gaining slowly.

Joe Gammon of Otisfield has moved in with his son-in-law, Chas. Allen.

Deer are seen here quite frequently, but the law is such that they fear no harm.

Lakin Bros. are going to have some brick cut. John Hartford is going to cut it.

Ed. Edson of Naples is going to work for Sumner Whitney of Harrison and has moved his family up to Chas. Roberts' for the present.

School closed, last Friday, taught by Ada B. Smith of Otisfield. This was her third term in this district and she gave perfect satisfaction in each term. We hope to see her in our schools again.

There were three prizes offered by the teacher for good spelling, and they were won by Ella Thompson, Ruth Buck and Isaac Spaulding. The school in the Lewis district was taught by Mildred Jacobs of Bridgton. This was Miss Jacobs' third term in that district, and she also is a fine instructor.

WILSON'S MILLS.

Tuesday and Wednesday it was very pleasant.

Thursday, the snow fell all day making fair sleighing.

Walter Lockman and S. W. Bennett got a deer, Friday.

Mr. and Mrs. H. E. Ellingwood went up the river to his logging camps, Wednesday.

The Circle of King's Daughters met with their leader, Mrs. S. S. Bennett. Literary exercises and election of officers. Mrs. Bennett was reelected, and a committee of ways and means consisting of Mrs. C. W. Flint, Mrs. B. J. Olson and Mrs. Nellie Hart.

EAST HEBRON.

Our roads are a composition of mud and ice.

The Allen brothers passed the Sabbath with their sisters in the old home.

Charles Russell of Norway was in the place, last week. He is moving his hay to Norway.

Gertie Bean has engaged the winter term of school in the Keene district. The fall term closes, this week, taught by Miss Bean.

Frank Pierce had four spring pigs butchered, last week, and sold three in Auburn. He has seven or eight as old as those he killed for later use.

Avander Frost of Turner was in the place recently. He was obliged to leave a fine job of work as mason in Yarmouth on account of an abscess under one arm.

G. Robert's spring-board broke down, last week, when he was riding out with his granddaughter. It was very fortunate he was not speeding high at the usual rate, but no damage was done except to the spring-board.

Ed. Dow shot a large deer, last Friday. While hunting wood he saw the tracks of two deer. He started back as soon as he got his wood to the house with his rifle in hand and soon returned for his team to haul the carcass of one deer he dropped. He did not see the mate but saw the track plainly. He went on to his house, this autumn, and returned without game.

Send 20 cents and get this paper for the next 10 weeks. See ad.

SOUTH WATERFORD.

Mrs. J. C. Gerry is convalescing after suffering from a severe bronchial trouble for several weeks.

Mrs. C. M. Dorr, who has recently been quite ill, is somewhat improved in health and able to get about the house a little.

We are informed that a mail and oyster supper will be given at Village Hall on Wednesday evening, Nov. 23, with music by Robinson's Orchestra.

Work at the chair factory is rushing to fill all orders preparatory to Mr. Wyman going to Harrison. The proprietors of the factory here are in Boston, this week, looking after the interests of the concern.

The Sweet Corn Question.

We have been asked to publish the following article from O. M. Richardson of Canton, in the Rumford Falls Times:

On account of the movement started by the State Grange many in this town, as in other parts of the State, are refusing to sign for sweet corn for less than 20 cents per bushel. Now as a member of the Grange I fully appreciate the good that the Grange has accomplished for the farmers of this State, and as a grower of sweet corn no one would like to see the old price restored better than I, but what the Southern cotton mills are doing for the factories of New England the Western corn canning factories are doing for those of Maine.

While Maine corn is of undoubtedly better quality it must nevertheless come in open competition with the cheaper Western product. The choicest brands of New York State corn are selling at 20 cents per dozen under Maine corn. This puts a different complexion on things from what it was when Maine produced nearly all the sweet corn produced in the world.

The Canton factory has paid out nearly \$9,000 to the people of this town, this season, about \$5,000 of which has gone into the pockets of the farmers. The average price per acre was not far from \$40. This will buy 100 bushels of yellow corn, more than the average crop from three acres.

Those who cannot find a profit in sweet corn at one and one-half cents are at liberty to plant yellow corn. It is human nature to always want more than we can get. Let us increase the profits of growing sweet corn by giving it better care and closer attention. It lies with the farmer whether this industry which puts hundreds of thousands of dollars into our pockets annually shall remain here or go west. Let us not be so foolish as to kill the goose that lays the golden egg because it is not studded with diamonds.

SOUTH WOODSTOCK.

Fred Verrill is hauling timber to L. Mann, West Paris.

Ralph Andrews is busy with a crew on a lumber job on the back hills.

Asbury Curtis and wife of Cambridgeport, Mass., called on friends here, recently.

E. A. Bartlett and Jennie Bates of West Sumner were here, Saturday and Sunday.

P. M. Wyman is running a milk farm at Concord, Mass. He likes well. Clifford Perham is at work on a milk farm at Shrewsbury, Mass.

Herbert Ford tunes up the old violin frequently and gets out some palatable notes, that is what musicians say, and it helps pass the long evenings.

Eugene Richardson has returned from his pleasure tour by the shores of the St. Lawrence. He fished in some of the Canadian lakes and with great success.

We had the pleasure of listening to a lady in the pulpit, recently. She was wise counsel she gave the church, i. e., the people. It is somewhat of a novelty to see a comely woman get up and talk Scripture for the benefit of us all, not only here but elsewhere, and don't get the idea of her keeping your home in mind. I find myself asking is it right for women to preach? Not all the time, you can bet your bottom dollar on that. We always had the idea she would want to christen the baby any way.

Have You a Home?

If you haven't you will not be interested in fire insurance. Get something to keep your home insured but it is worth something. It is a protection to you and every prudent home owner should have some insurance on his property. C. E. Tolman, South Paris, Maine, places fire insurance in the best American and foreign companies at as low a rate as any agent in the county. Speak to him about your risks. Letter of inquiry will receive prompt attention. C. E. Tolman, life, fire and accident insurance agency, South Paris, Maine. 47tf

(Communication.)

Bad Boys Even in Oxford.

Editor of Oxford County ADVERTISER:—Dear Sir: I notice in the ADVERTISER of Nov. 11th this remarkable remark by the editor: "We have some very bad boys in Norway village," which leads me to remark that if the word "Oxford" may have been used as unpleasantly as in your village, but with perhaps the honorable exception (for the most part) of wanton destruction of property, or of theft, as far as I have noticed, having been a resident here for fourteen years and never missing an article, and I suspected of having been stolen, except in one instance which could be explained in no other way; but in one respect improvement might be made in the manners of "Young America," and even some who are not very young, as to rude and loud salutations on the street, especially after nightfall, which are freely bestowed on all ages alike, ad libitum, the Sabbath day, even, proving no exception, as notice of some of the remarks made by the street corner collections of professional loafers, which are noticeable in pleasant weather, twice a day. Truly yours, Express, Oxford, Me., Nov. 14, 1898.

SOUTH CONWAY, N. H.

Quite a snow storm on last Thursday, and some of the snow is still left on the ground.

Charlie Mason has hired out with John E. Potter for the winter. He is to drive an ox team. He will board at L. D. Mills and put the team up there. Mr. Potter boards the team.

Quite a number went to Boston, last Thursday, on the excursion. Among the numbers were Mrs. Andrew Cole, Emerson Cook and his niece, Hattie Hill. All expected to have a pleasant time.

The 14th, Mrs. Meshack Hill of this place, who died, last January, was taken up and buried beside her husband, who died, this last summer. She was buried in the cemetery in this place. She was buried on the home place.

A baptism at the church in this place, Sunday, the 13th. There were five who were sprinkled and received into the church. David Wakefield and wife and daughter Carol, Charles Gray and his mother, Mrs. Cephas Gray. Rev. Mr. Trask was assisted in the services by Rev. Mr. Baker, followed by communion.

Quite a large number from Centre Conway were present. The people here are very glad to have them come. There are so few people in this place that it makes it more pleasant to have the people from other places meet with them. Quite a number came from Brownfield, too.

As in Her Youth

She is kept in Good Health by Hood's Sarsaparilla

A Woman's Experience with This Great Medicine.

"I have had Hood's Sarsaparilla in my family for many years and have been kept in good health by its use. A few years ago I had a heart trouble and I was advised not to work too hard, as it was a critical period in my life. This was impossible as I was not able to hire my work done. I began taking Hood's Sarsaparilla and it kept me in good health all through this period. I was able to do my housework besides running a sewing machine, as I did in my younger days. Whenever I get to feeling tired and languid and cannot sleep at night I get a bottle of Hood's Sarsaparilla and it does me good. Hood's Sarsaparilla was weak and without appetite. After taking Hood's he was well and able to work every day."

Mrs. ALMIDA HILL, Lyman, Maine.

Hood's Sarsaparilla is the best in fact the One True Blood Purifier.

Hood's Pills are prompt, efficient and easy in effect. 25 cents.

Mrs. V. W. Hills,

New Opera House Block, NORWAY, ME.

EAST STONEHAM.

Bad colds are common now. Winter term of school has commenced in district No. 1. Mr. Saunders is fitting up a shop to do blacksmith's work. Mrs. Ella Saunders is keeping house for Sumner Evans, esq. Mrs. Jane Russell has been helping Mrs. Charles Bartlett, the past week. A sewing needle was found in the throat of a dog belonging to Mrs. Mary A. Stearns, while it was being dressed. Wilson Brown, Benj. Russell and Virgil Littlefield are at work on Mellen Bartlett's house. Mr. Culbert has been working on the buildings for Bartlett and Flanders.

Charles Stearns shot a nice fat deer, a few days ago. Walter Butters shot one recently. Wesley Adams shot a deer and Amos McKee and Fred Buck have each shot one and Ed. Spears one. Austin Warren's gray mare was shot, two days ago, in the following manner. A young son of Mr. Warren and another lad started with the team to go to Birch. The boys had a rifle, and on the way by some carelessness the rifle was discharged into the body of the mare. She lived a few minutes only. It is quite a loss to Mr. Warren, as she was a kind and faithful animal, in good condition, and a favorite to say and the money value, which was considerable of a sum (probably \$50 to \$75). We wonder that there are not more such accidents, or worse ones, occur, when we see young lads, mere boys, with revolvers and rifles, running about recklessly, as if playing with popguns.

SNOW'S FALLS.

Chandler L. Curtis is at work for Chas. T. Buck. Eldron H. Stearns, wife and baby visited relatives in Guildhall, Vt., last week. Names of scholars not absent one day in Hollow school: Vivian Swift, Gerald Swift, Remy Elliott, Inez Swift, Harold Swift, Jessie Jackson, Mattie Cordwell. These absent but one day, Lena Bartlett, Raymond Gates, Lora Cordwell. Christopher Columbus, our family cat, since April 9, 1898, has brought to his mistress 131 mice, 8 birds, 4 muskrats, 3 squirrels, 1 rabbit and 1 rat. Of course the amount of game unreported cannot be accurately estimated, as it is known to Christopher alone.

On Saturday night, as Robert E. Shaw and wife were on their way to West Paris, they halted at Crystal Fountain to water their horse when a team in passing locked carriages and carried away a rear wheel. It was a close call but fortunately no one was injured.

This man stepped into A. L. Sanborn & Co.'s store, last November, a few years ago, and bought a pair of their heavy, all wool, Canada gray pants for \$2.50. This week he came into the store again wearing those same pants, though considerably worn, and said they do give great better service than they were warranted to do, last year and wanted another pair to go him next year. This man says he can get better values for his money at A. L. Sanborn & Co.'s than at any place in town.

WEST BETHEL.

Ethel Allen is in quite poor health. S. W. Potter's farm is for sale. See ad. School closed in this village, last Friday.

Mrs. G. B. Lowell is able to ride out again. Mark Swan and wife of Bethel were in this vicinity, recently.

Hazen Lowell went to Berlin, N. H., to lead up a cow for Fred Orway. Henry Stiles was in this village, last Saturday. He is quite an expert in trapping foxes.

Horace Walker has made quite extensive repairs to his house inside, which makes it more convenient.

Van Buren Grover and wife of Halfway, Mass., have been visiting relatives and friends in this vicinity.

Two of Frank Goodnow's children at Gorham, N. H., have been sick with diphtheria but are now better.

A little son of Calvin Cummings got his elbow put out of joint. It was put in place by R. G. Wiley and is now doing well.

Albion P. Mason has sold one of his cows to Charles Abbott and he now wants to purchase another one to take its place.

Otis N. Mason and wife, who have been here on a few weeks visit to their parents, return to their home in Massachusetts, this week.

Im Lowell with his mother made us a very pleasant call, recently. Im is a very sociable and jolly good fellow and we like his company.

J. S. Mason has the colt which he has been breaking for his brother pretty well trained. It is a nice looking colt and makes a good show on the road.

We hear the blacksmith at A. S. Bean's shop highly spoken of as being a good workman at iron or wood work on all kinds of repairs. He is very pleasant and accommodating.

Charlie Connor recently shot a nice deer which weighed 145 pounds. Your correspondent received a very nice and generous piece of the meat and can vouch for its good quality. It was a very fat deer.

NORTH BUCKFIELD.

Willie Bisbee is building a shed. J. F. Bicknell is shingling his house. H. Flagg is building a nice wood shed. The circle meets at J. A. Warren's, Dec. 1st.

Mrs. Rosette Warren is sick with a bad cold. Walter Rowe has bought the Gene Fuller place. Mrs. Charles Lowe and family are visiting at Stow.

Isaac Fuller and Mrs. Rosa Warren each have new stinks. Elva and Maggie Heald are visiting at Sumner and West Paris.

Perley Crawford from North Paris is staying a few days at Carl Heald's. John Flagg and Will Flagg have taken a job to cut wood for J. A. Warren.

Uncle Calvin Keene is confined to his bed. He has not been dressed for eight months. Gus Pearson has bought Willard Mason's cow, and Jefferson Russell bought his hens.

The circle gives a cake and oyster supper at the schoolhouse, Saturday evening, the 19th.

A man came from South Paris, the 14th, and moved Mrs. Abbie Farrar's household goods to Trap Corner.

PORTER.

Fulton Stanley of Hollis is visiting his old friends again.

Carlton French and wife of Boston made his old friends here a visit, this week.

Blanche French of Charlestown, Mass., is visiting friends in this place for a few weeks.

Our first snow storm made us a visit, the 10th, but did not come as a welcome visitor.

Elias Garland and wife, who have been at work in Bartlett, have returned to their home.

The butchers have begun their work in this place. Now we shall hear who has a big hog.

Mrs. Salome Wentworth has gone to Boston to spend the winter with her son, Fred Wentworth.

Jeremiah Bowden and wife of Lowell, Mass., have moved back to their home again, where they will spend the winter.

John Boopie of Wolfeboro has hired a room in the Ervin Philbrick house, where he will do upholstering for a few weeks.

Wars and rumors of war, but the end is not yet. There was quite an excitement on Main street, one night, last week, which called out quite a crowd to hear the music as it floated out on the night air of our village. The machine had been wound up and had to run down before the music could stop. We hope it will not get wound up again, boys.

WEST BUCKFIELD.

Flossie and Maud Harlow are at home. Mrs. Thomas Bradbury is some better. First snow storm of the season, Thursday.

Charles Faunce was at Romazo Low's, over Sunday.

Walter Turner and family were up from Buckfield, Sunday.

Scott Briggs and Shirley Bonney went to Auburn, Saturday. Shirley bought him a horse.

Gertie Bonney is with her sister, Mrs. Dan Emery. Mrs. Emma Bonney spent Sunday with them.

John Flagg and Will Fogg are going to cut 50 cords of wood for J. A. Warren, commencing this week.

Augustus Mayhew played for a dance, last Tuesday night, at Wm. Daniels', Friday night at West Sumner and Saturday night in Paris at Amasa Swift's.

EAST HIRAM.

Mrs. Vivian Cameron is entertaining her brother's wife, Mrs. Hattie Fitch.

Messrs. A. & P. B. Young have put in a hot air furnace to warm their box mill.

Mrs. N. E. Rankin and two children of Lewiston are guests at her father's, N. R. Flint's.

Mrs. D. W. Sabin is at North Berwick, called there by the severe illness of her sister, Mrs. Will Austen.

Mrs. Gardner H. Rankin and two children are visiting her father, Cyrus Scribner, and other relatives in Harrison.

Bleazer Flint has moved from the house owned by Mrs. Mary Wallace of Holderness, N. H., to Mrs. Augusta Hill's new house.

Rev. David Pratt and wife of South Standish visited Paul Laberta and wife, last week, on their way to spend a few days with their son, Belcher, at Conway.

Elizabeth E. Burnell, who finished the fall term of school at South Harswell, last week, is spending her vacation at home, and will return the first of December to teach the winter term.

NORTH PARIS.

Eddie Townsend of Norway spent Sunday in this place.

School closed, Friday, Nov. 11, with exercises by the children.

George Abbott and wife of Norway were at his father's, A. J. Abbott's, Sunday.

Mrs. Winnie Rooney of Portland visited her aunt, Mrs. Anna Morse, last week.

J. Blanche Chase has closed her school at the Hollow. She will spend part of her vacation in Portland.

Mrs. C. S. Marshall is at her sister's, Mrs. W. E. Curtis'.

Jacob Annis of Bethel visited at G. G. Fuller's, one day recently.

Rosa Littlehale is at work for R. L. Cummings at South Paris.

W. E. Curtis and G. L. Curtis went to Mount Mica, a few days ago.

Mrs. Sarah Starbird and Horace visited at America Andrews', Nov. 4.

One of the contesting sides in the Grange had their program, Nov. 12.

Cyrus Hazelton has bought 150 acres of woodland in Sumner of Berry Bros.

F. L. Barrett bought a cow and calf each of America Andrews and John Butcherfield.

Mr. and Mrs. G. L. Curtis and child have visited at his father's, one week, returning to Norway, Nov. 9.

The Sumner and Paris selectmen run a portion of the line between Sumner and Paris, near the Klondike region.

Mrs. Edie Pevely and Mrs. Dr. Carroll visited Mrs. C. M. Page of Lewiston, who is stopping at G. G. Fuller's, Wednesday, Nov. 9.

Any one finding a black and gray shawl between Paris Hill and Norway, Nov. 2 or 3, will please leave the same at N. D. Bolster's store at South Paris.

Dexter Brown stopped over night at Charles Starbird's on his way to Greenwood, Nov. 8-9. He is stopping, this winter, in Hartford at Everett Robbins'.

A. D. Andrews has his stable about completed on the outside. Fred Wing of Sumner was the master builder, his father having been taken sick and obliged to leave.

EAST OTISFIELD.

Frederic Stone went to Waterville, last Friday.

Joseph P. Wight is at work for Fred E. Stone.

Sumner H. Wardwell went to Auburn, Saturday.

Dr. Long from Lewiston was at S. H. Wardwell's, Sunday.

Mrs. M. M. Lamb is in very poor health, also Mrs. Sarah Kemp.

Mrs. Simon P. Wardwell from Auburn visited at John Kemp's, Sunday.

Mrs. Levi Dingley and Mary Randall from Casco spent last Sunday at E. R. Stone's.

Walter Holden and wife and son Otho from Oxford visited at D. L. Holden's, Sunday.

Mrs. Betsey Wardwell, who has been living at John Kemp's, has gone to Auburn to live with her son Simon.

ANDOVER.

Dr. Tukey has moved to Phillips.

Mrs. J. F. Tabbot entertained the Congregational circle, last week.

The M. E. circle was entertained in the hall, Wednesday night.

Teams are at work on the church lot, scraping the earth for the basement.

Sprague Small and wife are in town, and will remain through the winter.

The stone masons have quit work for a few days, or until the snow goes off.

Harry Bacon and Charles Merrill are laying an aqueduct from the hill to their houses.

The Universalist society will meet, Tuesday, the 22nd, with Sidney Abbott and his mother.

George Thomas has two stone masons from the Falls at work on the foundation for his new house.

Mrs. Reuben Barrett died suddenly of heart failure, Sunday afternoon, Oct. 30. Rev. Mr. Waterworth officiated at the funeral.

Thurston Bros. have rented the Jones stable for a supply station, as they have several camps to supply in and about Andover.

Rev. A. S. Bisbee of Brunswick lectured on temperance, last Thursday evening, in the hall. His subject was "Evils of the Drink Traffic."

Six inches of snow fell last week, making merry the hearts of the anxious hunters. Ten deer are reported taken by our village hunters in the last three days.

Wanted, a correspondent at Andover village and all the Andover news. Also a correspondent at South Andover. Write to the ADVERTISER office for particulars.

The loggers are getting ready for their winter's work. More business is being done in and about town than for many years. French, Thurston, Porter, Mars-ton, Grover, Smith, Poor, Hodsdon and many others have crews already in the woods.

BOLSTER'S MILLS.

Lucretia Chute has recently visited her daughter, Ida Davis.

A new street lamp has been set at the church which is appreciated on meeting nights.

The school here was taught by Alice Perry of Sweden.

Rev. W. B. Eldridge is preaching a series of sermons on the books of the Old Testament, which are very interesting. Mr. Eldridge is a fine speaker and has the good of his people at heart.

At the last meeting of the W. C. T. U. the topic was "Our Loyal Temperance Legion," and there were talks and readings concerning this juvenile society. The next meeting will be given to the consideration of the department of Good Literature.

C. W. Skillings has a new horse, a black pacer, that is very fast.

Mr. and Mrs. Ireson Green, who have both been very sick, remain about the same.

Harry Milliken of Portland is visiting his mother, Mrs. Ireson Green, for a few days.

C. S. Cook, esq., made a flying visit to his old home on Saturday last, fresh from the eastern woods.

There are rumors of a drama by local talent on Thanksgiving night, to be followed by a social dance.

E. I. Fogg, who has been suffering with a mild form of dementia, for several months, died, Monday morning.

There are some hopes of the well in this place, that has been idle for the last two years, being run, this winter.

Deer are becoming so plenty they may be seen almost any day, and are quite tame. Several have been seen lately, some near buildings.

Crooked River Grange is to have a mock town meeting, Saturday, the 19th, and much fun is expected. This grange is in a flourishing condition and doing a good work.

A petition to the Governor and Council for the pardon of Dominicus E. Hamlin, who was sentenced at the January term of the Superior Court in 1896 to state prison for five years for larceny, is in circulation in this community.

DENMARK.

J. Alexander has recovered and is about his work.

Rev. C. F. Sargent's and his wife's health is improving.

H. B. Caswell and wife of Harrison were in town, the 6th.

Some 300 bbls. of apples were sold in the Colby district to W. C. Babb for \$1.35 and \$2.35 per bbl.

C. B. Smith has a nice pair of Devon oxen 7 feet 2 in. and a pair of 2-year-olds 6 feet 2 in., hereford. Farmers have sold but little stock as they want to feed their hay.

The Colby schoolhouse has been occupied for the past week by two devoted preachers, who have been holding a series of interesting meetings. They are interesting speakers and fine singers and the meetings have been well attended.

Rev. Mr. Markley of Bridgton delivered a temperance lecture, the 9th, at the Congregational church but seemed undecided whether the laws of the State at present or high license were the better. It made me think of the old lady whose mouth sung two tunes at the same time.

Deer hunting and deer meat have become not a thing of the past but a thing of the present, and nearly every day one or more are shot and the flavor of deer meat is well known, as our nimrods are generous to a fault. Friday, Sidney Smith shot a buck that weighed 300 lbs. He had large spreading antlers. The ball struck a rib and was flattened out, went through the body to the skin on the other side and he fell dead. Saturday, Fred Alexander shot his mate, which weighed 200 lbs., and several smaller ones have been killed in town.

Mrs. Benj. Cousins of Limington visited her brother, Fernando Witham, and family, last week.

Mrs. A. H. Witham seems to be failing. She has been a great sufferer for a long time and is now very weak.

Two of Will Freeman's boys of Harrison have been visiting at their grand-parents, A. B. Ordway's, the past week, and returned home, Monday of this week.

The committee chosen at a late town meeting to see to the building of the new road laid out by the county commissioners will let the building of the road, this week. Thursday, to the lowest bidder. The road laid out is a cross road from R. P. Ingalls' to Moses E. Wentworth's to the Fessenden hill.

GILEAD.

There is scarlet fever in the family of Mrs. L. Heard. There have been several cases, and one resulted fatally.

The attending physician and our board of health are looking after the family.

Rev. F. M. Wiswell returned to Gorham, last Saturday afternoon. He came down on the early morning train the day before, and with D. H. McDonald went after a deer. One was briefly seen by Dan.

A correspondent for the ADVERTISER wanted at Gilead. Would prefer the correspondent to live in the village, also one who does not correspond for other papers. We want a correspondent who can send us the Gilead news, so write to the ADVERTISER office for particulars.

NORTH NORWAY.

Mrs. Bertha Carter has gone to Stoneham, Mass.

Most every family is suffering from severe colds.

R. L. Cummings' men are packing apples in this vicinity.

H. E. Hussey is at work for Walter Bow on his buildings.

Mrs. Mary Holt has been visiting her daughter, Mrs. York.

Sidney Foster and Clarence Lord are cutting wood for Ed Penley.

E. T. Jenkins and wife from Albany are at work on the 13th.

Belle Jackson, the teacher, is boarding at Wendell Jenkins', this week.

WELCHVILLE.

Schools finished, last Friday.

Harrison Hall is more comfortable.

Henry Everett is home from Harrison.

Arvida Poland is repairing his house.

A. L. Chaplin is loading a car with oak piling.

Archie Jones has finished her school at East Oxford.

Charles Bryant and wife were in Lewiston, Saturday.

RUMFORD FALLS.

New electric light poles on Congress street.

Pay Crocker has returned to Boston. She worked for J. J. Calhoun two years.

Mrs. J. T. Mullen gave a whist party to a dozen of her lady friends, Monday afternoon.

Mrs. Charles McNutt has returned home from a month's visit in Boston and New York.

William Costly paid trial justice Johnson \$5 and costs for drunkenness, both of Norway.

In West Baldwin, Oct. 27, by Rev. C. H. Young, Henry N. Burbank and Anna Louise Clemens, both of Hiram.

In Brownfield, Nov. 8, by Rev. Blanche A. Wright, George M. Pitman of Jackson, N. H., and Mary C. Ellis of Canton Point.

In Rumford Falls, Nov. 15, by Rev. William Graham of Rumford Center, William Reed of Bethel and Mrs. Melinda S. Caldwell of Rumford Point.

DEATHS.

In Norway, Nov. 15, William E. Austin, aged 28 years.

In Canton Point, Nov. 1, Augusta, wife of Gorham, aged 72 years, 1 month.

In Norway, Nov. 12, Mrs. Cynthia Jane (Bolster), widow of the late Grosvenor Crockett, aged 72 years, 1 month.

In Upton, Nov. 10, Sarah, widow of the late Otis Abbott, aged 77 years, 1 month, 15 days.

Mrs. James H. Porter has for guests at her residence in Boston the following people:—Mr. and Mrs. George W. Sleeper of Marlboro, Mass.; James G. Leiper, Philadelphia, Pa.; Harry S. Damney, Brockton, Mass.; Fred A. Fifield, Methuen, Mass.; Walter H. Sutcliffe, Albany, N. Y.; J. O. Potter, Boston, Mass.; Alfred W. Harrison, Minneapolis, Minn.; Mrs. Mehtable Merritt, Boston, Mass. All are to remain until June 30th, 1899.

All are to remain until June 30th, 1899.

NORTHWEST NORWAY.

Ellsworth Farnum is at home.

Jacob F. Holt is sick with fever.

George Richardson is at work for Walter Buck.

Corra Shackley from Lewiston is at work for Mich Losier.

Mr. McDaniel from Hollis recently visited his sister, Mrs. Orin Brown.

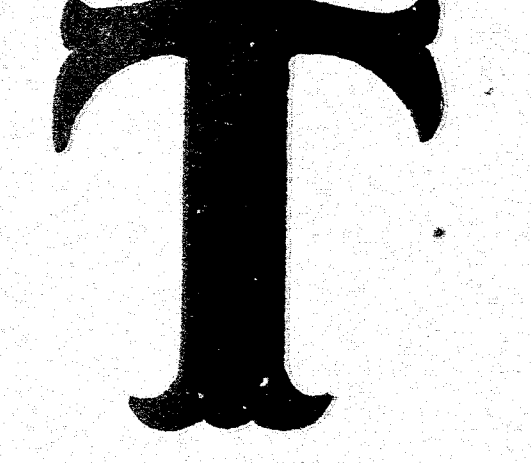

Chandler Merrill has gone to Massachusetts to work for Mr. Morse, painter.

Mrs. Mich Losier has been to Norway to visit her sisters, Mrs. Emma Cullinan and Mrs. Estelle Fish.

Mrs. A. A. Rolfe and little granddaughter Ruth visited at George Abbott's, Nov. 3d and 4th.

Mrs. E. J. Holt entertained the Congregational Circle at the new chapel at Norway Centre, Wednesday, Nov. 9th.

PURE

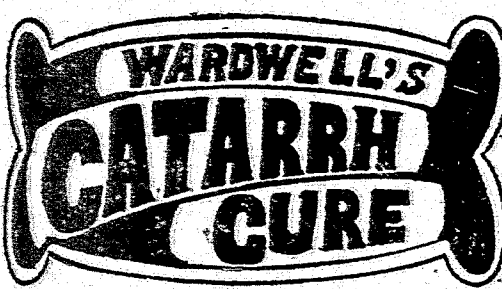

is the only tea that should be taken into the system. Poor tea is not economical even if it is cheap.

Tea that contains injurious adulterations and ingredients is bound to cause trouble sooner or later with the digestive organs.

Chase & Sanborn's Package Teas

are guaranteed pure. They are the best that money can buy, and as they are packed in airtight, leaded forms, adulteration is impossible. One pound makes over 200 cups.

CATARRH. Have you the Catarrh? Do you find the head and throat and upper part of the swallow filled with mucus and matter, in the morning? Has the mucous membrane been swollen during the night, and do you feel a sickening sensation when you get up? Is it not strange that people can expect good health when this dangerous disease is in full force?

Physicians endorse—WARDWELL'S CATARRH CURE! A celebrated physician, in Lewiston, Me., advises to a friend in this: "Continue to use it. I can give you nothing better."

Wardwell's Catarrh Cure is an agreeable, powerful, purifying and soothing antiseptic and has the property of destroying the microscopic and mucus organisms which puritification depends on. The foundation of this offensive and distressing disease, and by the use of the improved medicine applied directly to the seat of the trouble, leaving the head clear and the breathing easy, and relieving the stomach from this offensive matter so detrimental to health; eradicating sleep and in fact restoring a new lease of life. We guarantee every bottle to this effect or refund the money. Sold in Norway by F. P. Stone and at the Noyes Drug Store, F. A. Shurtliff, So. Paris; Geo. E. Ames, Oxford. Wholesale by Cook, Everett & Russell, Portland, Me.

"ANCHORED"

That's a condition devoutly to be wished by eye-glass wearers—glasses that cling lightly but always, press gently and never slip.

That's the way with the Anchored Eye-Glass. Anchored by Name. Anchored by Nature. Not expensive. We sell them. Fitted by an expert.

GLASSES For Eye. *Samuel Richardson* SOUTH PARIS

Wool Carding.

If you have wool to be carded bring or send it to W. K. Hamlin's mill at South Waterford, Me., or to G. A. Cole, agent, Norway, Me., or to W. K. Hamlin, Bangor, Me., railroad station.

I run a team to Norway and Bridgton once each week and will take wool to mill and return it without extra expense for trucking.

Still closes for the season Dec. 15th. Wool Rolls and Wool Bating for Sale. **W. K. HAMLIN.** South Waterford, Me. 324f

Remember that the—**Norway Bakery's Food** Is Fresh

Summer or Winter, and anything purchased there not proving satisfactory your money will be refunded. Very truly,

JOHN HAYES, 81 Main street, NORWAY, ME.

WANTED For a housekeeper for a gentleman 60 years of age. One from 35 to 50 years of age and can make butter. Box 53, West Norway, N. H.

Sunday School Convention.

Oxford County Sunday School Association met in the Congregational church at Mechanic Falls, Wednesday, Nov. 9. Officers were elected as follows:

President—Rev. G. S. Chase, Mechanic Falls; Vice-Presidents—Rev. J. A. Bean, South Paris; C. S. Walker, Peru; Rev. A. F. McDonald, North Waterford; Mrs. E. M. Burnell, Hiram; Secretary—Charles D. Tolman, South Paris; Treasurer—C. K. Chapman, Lovell.

The opening devotion was led by Rev. George S. Chase of Mechanic Falls. Rev. C. W. Fisher of Mechanic Falls welcomed the delegates, and the response was by Rev. B. S. Rideout of Norway.

In the afternoon Rev. R. J. Houghton of South Paris gave an address on the "Word of God." Rev. G. D. Stanley of the Oxford spoke on "Teaching Power," and Rev. Alexander Hamilton of Mechanic Falls on "Methods of Work." These papers were followed by animated discussions.

Mrs. Jessie Jordan advocated more spirituality in the Sunday school teachers. Remarks were also made by Samuel Hawley and W. T. Kilgore of Mechanic Falls.

In the evening Rev. M. Howe of Lewiston gave an address on "The Relation of the Church to the Sunday School," saying in part: "The relation of the work of the Sunday school is apparent from its remarkable growth since its inauguration by Robert Raikes a hundred years ago. According to the report of the Sunday school convention in Boston in June, '96, there were 122,693 Sunday schools in this country, conducted by 1,397,508 officers and teachers. The number of scholars enrolled was 10,890,092. From these schools there were added to the church the previous year 150,000 members. The modern church has four ways of teaching the truth. First, preaching; second, Sunday school; with its social study of the word; third, the social service with its prayer and testimonies; fourth, the Christian press. But of all these methods the pulpit has the pre-eminence. The Sunday school is not a substitute for home training in the Scriptures neither is it a substitute for the pulpit and sanctuary. But it is a substitute for the lack of religious training in the public schools. It is God's answer to the revival of Bible study. The Sunday school is the missionary arm of the church. The attitude of the church toward the Sunday school should be to acknowledge and foster the work; to see that the Sunday school has sufficient and appropriate time for its important work; to assume the financial support of the Sunday school; to see that it is provided with suitable teachers; to provide itself with a ministry that can prepare men and women to teach God's word properly and efficiently; to aim to make the spiritual atmosphere of the Sunday school what it ought to be."

The convention closed with a temperance talk by Rev. I. A. Bean.

\$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh, being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, etc. Hall's Family Pills are the best.

HARRISON. Three trains a day after next Monday. Ellsworth Richardson is working for Irving Hubbard at Bridgton.

Conductor Enos Chamberlain has been sick and brakeman Will Kimball has been doing his work.

Mrs. G. M. Spaulding is making a slow recovery. She is at the Central Maine General Hospital in Lewiston, where she has had a tumor removed from her side.

The scarlet fever epidemic is at an end, and nearly all are out from quarantine. No fatal cases. Churches and other public places have been disinfecting. The schools will reopen at the time for beginning the winter term.

Robbed the Grave. A startling incident, of which Mr. John Oliver of Philadelphia was the subject is narrated by a man as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately a friend advised trying 'Electric Bitters' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cents per bottle at Noyes Drug Store, Norway, and F. A. Shurtliff's, South Paris.

What Shall We do With Them? George T. Angell of Boston, who publishes "Our Dumb Animals," and is well known in Oxford County from his frequently spending his summer vacations here, says in answer to the question: "But now, having seized these Spanish islands, what would you do with them?"

"I would not seek to control them with large armies or navies, or to flood our own country with their cheap labor. In all our dealings with both Spain and these islands I would endeavor to follow the teachings of Christ, as recorded in the New Testament, and the example of William Penn, and in so doing should have no doubt that the Spanish government and people would cheerfully help on the good work."

I think in this way we could win the approval of all nations, and vastly help in the promotion of international peace on earth and good will both to men and all God's lower creatures."

AUGUST FLOWER. "It is a surprising fact," says Prof. Houghton, "that in my travels in all parts of the world, for the last ten years, I have met more people having used Green's August Flower than any other remedy, for dyspepsia, deranged liver and stomach, and for constipation. I find for tourists and salesmen, or for persons filling office positions, where headaches and general bad feelings from irregular habits exist, that Green's August Flower is a grand remedy. It does good by the system by frequent use, and is excellent for sour stomachs and indigestion." Sample bottles free at Williamson & Kimball, Norway; F. A. Shurtliff, South Paris.

Sold by dealers in all civilized countries.

EAST PERU.

Mrs. Seth Babb is very sick. Mrs. D. W. Goding is on the sick list. Guy Holman is at work for B. D. Pack and.

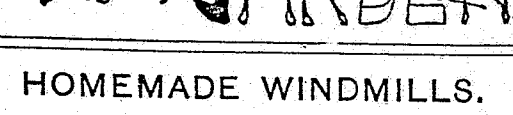

Lou Newman is at work for Mrs. C. L. Luce. A. S. Holman has built a new house.

J. S. Russell is at work for Elford Bassett. E. C. Poland is building a new well in his house.

Carl Holman is at work for his uncle D. B. Holman of Dixfield. Mr. and Mrs. J. S. Russell visit friends in Boston, last week.

Opra Coolidge, who has been at work for Mrs. Albert Griffith, has gone home. Charles Ludden of Boston is visiting his father, John Ludden, of this place.

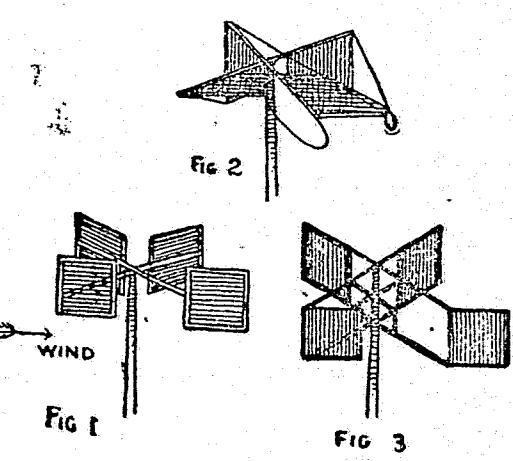

Quite a number from this place are attending the dancing school at Pei Center. Leona Gammon and Willard Warren were invited to dance at M. and left on the afternoon train for Boston, Mass.

HOMEMADE WINDMILLS.

New Forms Tested and Reported Upon by a Maryland Farmer.

"Before investing in a steel mill, towers and tank for farm uses I had studied at length a number of contrivances for harnessing the winds. The weak point of the Go Devil and kindred devices is found in its inability to meet winds from varying points. In most localities much time is lost by calm weather through having to wait for favorable winds. I concluded to adopt the following modification of a child's toy, as combining cheapness and power with extreme simplicity of construction. It is made as follows: A vertical axis of any suitable dimension is provided with four horizontal arms crossing at right

THREE FORMS OF WINDMILLS. angles, at the ends of which are vertical crossbars for the support of the vanes. Upon these crossbars should be hinged frames covered with canvas or other light material, as in Fig. 1."

This writes a correspondent of Rural New Yorker, who accompanies his remarks with descriptive sketches. He adds: "As the arms are revolved the wind forces each vane in turn against the horizontal arm, until on reaching the farthest point to leeward the wind, striking the back of the vane, causes it to unfold and swing freely in the wind till it completes a revolution. Two of the four vanes are thus always under wind pressure and two drawing into position."

"The principal expense in a motor of this form is the cost of the canvas, if that material should be used, while if old lumber be substituted it could be constructed perhaps more cheaply than the Go Devil. This is the simplest form of the device and could only be stopped by means of a brake and afterward backing until all the vanes are free from pressure on the arms. It would revolve either way, as it might be started. There are a number of modifications of this motor, varying in the manner of hinging the vanes, as also in adapting it to the same with the vanes swinging directly from the arms and held against the wind by ropes. This form would revolve only one way, according as the restraining cords are connected and could be thrown out of gear by having the ropes run over pulleys and slackening them as required. In Fig. 3 the vanes swing between parallel arms, being held against the wind pressure by a movable bar or lever, which will in one position allow the vane to swing through the whole circle, and in another stop the vane on coming into the wind. The size and power of these motors are limited only by the length of the arms and axle and the area of the vanes, which will depend, in turn, upon the use to which it is to be put and the pocketbook of the owner."

"The power will be considerable with very little expense, as an arm of 10 feet in length will support a vane of 10 feet square—that is to say, a surface of 100 square feet to be opposed to the

wind. With a fair wind this would be equal to several horsepower. Probably vanes one-fourth that size, 5 by 5 feet, would suffice for ordinary pumping, especially if placed on arms of 10 feet in length."

"The vertical axis must be high enough to reach above wind obstructions, yet in case of the motor being placed on a barn or on a tank with a tower the axis could be considerably reduced. The manner of supporting the axis, as well as the means of transferring its slow rotary motion to machinery, is left to the judgment of the reader in

each particular case. For most purposes a large sprocket wheel with the usual linked chain would seem to be the most suitable. See figures in the second cut, which illustrate connecting windmill with chain and sprocket."

Potato Planters. Various opinions prevail in Aroostook as to the best policy to pursue relative to holding for higher prices. A Maine farmer tells in The New England Homestead that he inclines to think the farmers who sold direct from the field in August and September will have no cause to regret it. From Morris county, N. J., comes the report that farmers are inclined to hold potatoes for an advance in price, believing that by spring they will rule 25 to 50 per cent over present prices of 90 cents to \$1 per bushel locally. A Massachusetts correspondent, writing from Franklin county, said that farmers are not selling to any extent in his section, but most are holding for higher prices.

BITTER MILK. May Arise From Food, Cow's Bad Health or From Germs.

Bitter milk has given rise to much study and experiment. There are unquestionably several causes for this special foreign flavor. One is the presence of bitter plants in the feed, as ragweed (Ambrosia artemisia folia), and doubtless many others, and we may be sure that the special function of the milk organs of the cow favors the acquisition by the milk of the peculiar flavors of the food. Another cause is the condition of health of the cow, as to the presence of bile in the blood, due to disturbance of the liver. We must always consider the physiological character of milk, which is a product of the blood of an animal and of course must partake of the consequences of the state of this important organ. Professor Arnold was right when he said the udder was one of the organs of the system of a cow, for we find it in many ways that are unquestionable. This is the first thing to be considered. The food may be the cause, or the state of the cow's health. Potatoes are not considered a good food for cows, especially after they have been stored some time, when changes occur in them which might undoubtedly cause this defect in the milk. It is not generally known that the sprouts from potatoes grown in the dark are poisonous, and as the growth is of course at first in the substance of the tuber, or at least this changes during the keeping, and the germs to which the potato belongs (solanum) has some especially poisonous species, it may easily be that the tubers are not desirable food for cows on account of the effect on the milk and are to be avoided. As a steady food for cows milking in the winter and one entirely free from all objectionable quality there is nothing better than good clean clover hay or bright corn fodder with cornmeal and bran, all in good condition.

A daily ration of salt, one or two ounces daily, is conducive to good digestion and health. The quantity of the grain food depends on the ability of the cow to dispose of it. Ten or 12 pounds a day may be easily turned to good account by any good cow. As to the other valuable foods, the various meals, it is quite possible their condition may not always happen to be exactly right, and their high content of protein may easily have such an effect on the animal as to produce this fault in the milk, through disturbance of the overtaxed digestive organs, if they are fed in too large quantity.

Then we have to consider one other very effective cause of this fault, which is the presence in the food, or the litter even, of special germs. Scientific students of milk have determined that these organisms produce bitter flavor by their action on the albuminous parts, causing a certain decomposition by which bitter flavored products occur in milk. Some of these authorities think that the product of butyric acid in the milk gives rise to the bitter flavor, and as we know how this change may occur in milk in several ways—that is, the infection of it by stale milk, or by excess of temperature, or exposure to impure air in which the special germs are existing—we are to look in this direction for the explanation as well.

There is one other point calling for note, which is the hot suds in which the utensils are washed. As a rule no soap should be used in the work of the dairy. Soap is a very questionable thing. We know not what impurity may exist in it, and it is quite unnecessary. A solution of soda or other alkali alone is to be used to remove the remains of the milk, some part of which will of course consist of butter, and stale butter fat is quite sufficient to start butyric fermentation in the fresh milk.—Country Gentleman.

At the County Fair. "How is the campaign progressing?" asked his friend.

"Fine," said the sharper as he toyed with the implements of his deadly trade. "A number of farmers have been injured by shells."—New York World.

The Boston of It. "You would be pretty," persisted the other, "if you didn't know it yourself." The gorgeous Boston creature shook her head. "I can know nothing," she argued. "I have mental impressions, but they do not establish external fact. Externality is a figment of subjectivity. Ergo, I do not know I am pretty, quod erat demonstrandum."

Casualties subtleties, doubtless, but not easily to be swept away for all that.—Detroit Journal.

A Narrow Escape. "Ah, no!" she sighed. "There is nothing new under the sun." He felt around for the mustache he thought he was raising and turned a beseeching look upon her.

"Of course," she went on, "that can't be classed as new. It looks several weeks old at least."

For a moment, however, she thought she had permitted the Coquette to wait millions to get away.—Indianapolis Journal.

Colds Coughs Catarrh Chaps Chafing Chilblains Colic Croup Cramps

Are ill to which all flesh is heir. You can relieve and speedily cure all of these by the free use of our old reliable Anodyne. Generation after generation have used it with entire satisfaction, and handed down the knowledge of its worth to their children as a valuable inheritance. Could a remedy have existed for eighty years except that it possesses great merit for family use? It was originated to cure all ailments attended with inflammation; such as asthma, abscesses, bites, burns, bruises, bronchitis, all forms of sore throat, cramps, headache, in grippe, lame back, mumps, muscular soreness, neuralgia, scalds, stings, sprains, stiff joints, toothache, tonsillitis and whooping cough. The great vital and muscle nerve.

Johnson's Anodyne Liniment

It soothes every ache, every bruise, every cramp, every irritation, every lameness, every swelling everywhere. It is for INTERNAL as much as EXTERNAL use. It was originated in 1810, by Dr. A. Johnson, an old Family Physician. Every Mother should have it in the house.

"Best Liver Pill Made." Parsons' Pills

Use Johnson's Liniment for catarrh. I had tried almost everything recommended for catarrh, but had Johnson's Anodyne Liniment far superior to any. I use it as you direct. J. E. WILKINS, South Waterford, Me.

Our Book "Treatment for Diseases" Mailed Free. Doctor's Signature and Directions on every bottle. All Druggists. T. S. Johnson & Co., Boston, Mass.

Noyes' Cough Syrup!

The best thing we know for—

COUGHS, COLDS, HOARSENESS, SORE THROAT, INFLUENZA, BRONCHITIS AND INCIPIENT CONSUMPTION.

Made and sold in 25c bottles at—

The Noyes Drug Store, NORWAY.

We Have Just Put In a First Class Moulding and Flooring Machine

Also a set of First Class Clapboard Machinery and are able to furnish at lowest of prices: Pine, Fir and Spruce Sheathing and Matched Boards; White Pine, Norway Pine, Fir and Spruce flooring; Pine and Spruce Clapboards of various prices and grades. Hemlock Frames, Plank and Boards at exceedingly low Prices. Custom sawing, planing, etc., a specialty.

C. B. CUMMINGS & SONS, NORWAY.

UNDERWEAR.

Underlinens, thick and thin, Wool and cotton, large and small, Ladies, misses, children, babies, Sure we try to fit them all.

Stockings, just right to wear with these, Heavy cotton, fleeced and wool, Four to ten, small and outsizes, In these lines the stock is full.
